## CONTENTS

1. Horseshoe crabs, a holy gift to mankind, are under threat of extinction <i>S Lokanath Dora, M S Wakankar and S Gupta</i>	1
2. Preliminary screening of antimicrobial compound from the carapace of <i>Tachypleus gigas</i> <i>M S Wakankar, S Gupta and S L Dora</i>	8
3. Antibacterial activity of hemolymph of mud crab, <i>Scylla serrata</i> to marine and freshwater microbes <i>A S Sabu and A Chatterji</i>	14
4. Marine bacteria as source of essential fatty acids : it's application in poultry feed <i>S Pujari and R Roy</i>	23
5. Screening for cytotoxic activity in a commercially important Indian seaweed, <i>Stocheospermum marginatum</i> <i>C V Rashmi and A Chatterji</i>	36
6. Nematode species diversity as indicator of stressed benthic environment along the central west coast of India <i>M R Nanajkar and B S Ingole.</i>	42
7. Diversity of molluscan shells on Kaup beach <i>Sanil Deepak and K B Shenoy</i>	53
8. Fresh-water air breathing teleosts <i>Heteropneustes fossilis</i> and <i>Clarias batrachus</i> represent an intermediary stage in the ureotelic evolution in vertebrates <i>B K Ratha, Suresh Mohapatra and Shilpee Srivastava</i>	61
9. Studies on poison glands of two cat fishes and a toad <i>Y Venkaiah, M C Prabhakar &amp; V Lakshmi pathi</i>	83
10. Effect of cortisol on testicular and hepatosomatic index in the freshwater fish <i>Notopterus notopterus</i> (Pallas) <i>D S Shankar, S Sudarshan and R S Kulkarni</i>	93

11. Alterations in some aspects of the carbohydrate metabolism in freshwater mussel (*Lamellidens marginalis*) due to zinc and cadmium toxicity . 101  
*M Srinivas and T Ravinder Reddy*
12. Changes in renal clearance under the influence of monocrotophos in mice 105  
*S N Desai and P V Desai .*
13. Sublingulectomy effect on testes and spermatogenesis 114  
*M M Pillai & M V Walvekar*
14. A comparative study of adrenalectomy on the energetics in reproductive tissues of the male and female albino rats (*Rattus norvegicus albinus*) 124  
*M V Reddy, A S Reddy and K Radhakrishnaiah*
15. Effect of salivary secretion of mother on testis and associated organs of male mice 132  
*R D Bodare and M M Pillai*
16. Helminth parasitic pathology in declined fresh water Schizothoracine fishes of Kashmir 144  
*F A Shah, M Z Chishti and F Ahmad*
17. Role of secondary metabolites of spicy aromatic plant (*M. piperita*) on the economic traits of Mulberry silkworm, *Bombyx mori*, L. 150  
*Kuntamalla Sujatha, A P Rao,  
C Sammaiah, M Venkateswarulu and T Ashirwadam.*
18. Diversity of fish fauna in keladi pond Sagara, Karnataka, India. 156  
*M Venkateshwarlu , Jothi Srigowri and H M Ashashree,*
19. Effect of Dithane M45 on mating behavior of *D.melanogaster* 160  
*Nagabhushana and V Vasudev*
20. Threat of fruit flies to hill cucurbits of Goa and efficacy of potential attractants for their management 176  
*S H Bhosale, V R Satarkar, J R Faleiro,  
Ramila Vijayan and Seema Sharma*
21. Habitat preference of pit vipers along the western ghats (Goa) 180  
*N Sawant and S K Shyama*
